

## Thinking About the Story

1. How did Mike and Jodi help Billy catch up with his grade level?

Have you ever helped somebody fit in with the group? How?

2. On page 55, Billy didn't want to go to the nursing home. Why do you think he felt that way?

Is there something or someplace you'd rather avoid because it brings back sad or unpleasant memories?

3. Why did the kids add purification tablets to the stream water?

Did you learn any other interesting or helpful things to remember when you camp?
